YOUR DMC PARTNER IN PORTUGAL

## About Legendary Adventure DMC

Welcome to Portugal! Let us show you what we can offer in this exceptional part of the world - peaceful, surprising, little known, multifaceted and beautiful!

Legendary Adventure is a travel agency and DMC specialised in Eco Tours that gathers players from different tourism branches. We have been on the market for decades now, but we've decided that we're stronger together.

We've travelled thousands of miles to generate unique ideas to our programs, and deliver the best holiday experience. Being local, we have an intimate knowledge of the culture, places and partners, and our team will tailor the perfect program for your discerning clientele.

In our company, enjoy the best hotels and restaurants, and avoid congested tourist areas in favour of more secluded regions, sheltering legendary historic sites, splendid sceneries, and natural wonders, led by professional

certified guides, and reliable services of accommodation, transport and restaurants.

We perform as an umbrella, congregating niche companies that are the best at their areas. We've partnered with talented companies to deliver you a successful experience all around.

We also believe that responsible tour operators will safeguard the long-term economic development of tourism and preserve the inland and coastal areas on which the industry depends.

We look forward to promote Portugal as a great destination for nature and adventure lovers, and our flexible structure is able to accommodate special requests and design tailor-made tours.

Imagine having one completely reliable contact in Portugal to co-ordinate the logistics of your programs and to provide you turnkey tours with everything thought and planned!

An aerial photograph of a mangrove wetland. The landscape is a complex network of green, vegetated islands and peninsulas separated by narrow, winding water channels. A larger, open body of water is visible in the lower-left and center. A small white boat is moving across this larger body of water, leaving a white wake behind it. The overall scene is lush and natural.
